Gustine: MaryLee Hellner

Hilmar: Erik Hixson & Bret Theodozio

Los Banos: Stacia Rains

MCOE: Lori Gomes, Michelle Symes, Rae Ann Jimenez & Cindy Heaton

UC Merced: Melissa Mayorga & Jaime Garcia

Summary: This was the first meeting for the Articulation Committee. A review was given as to why the committee was created and an overview of the two main tasks was covered. The committee was very thoughtful with the discussion and process and a number of items were covered and clarified.

Key Points for...

District Office Administration:

- **A countywide title for Algebra was agreed upon: Algebra I (abbreviation to be the same)**
- **In order to have an agreed upon description we need teacher involvement – this activity will be taken to the forum**
- **Districts need to start the Common Core conversation with their sites in order to be prepared for what's coming in the next few years**

Site Administration:

- **A countywide title for Algebra was agreed upon: Algebra I (abbreviation to be the same)**
- **A countywide Algebra I description will be discussed at the forum**
- **Sites need to start the Common Core conversation with their staff so there is a clear understanding of what will be expected of teachers in the next few years**

Site Staff:

- **A countywide Algebra I description will be discussed at the forum as a breakout activity to have teacher involvement**
- **Gather information from your administration on Common Core and be prepared to include these new standards in the course description**

Action Items

Task	Timeline	Who
Email a doodle to the committee for a follow up meeting	12/14/10	Michelle Symes
Review Common Core	Next Meeting	Committee
Brainstorm inspirational speakers & facilitator for Forum	Next Meeting	Committee
